I need information on physical features of the Ukrainian Institute of Experimental Veterinary Medicine (UIEV). 83 Pushkin Street (1947), Kharkov, UkSSR. [REDACTED] Pushkin Street; or maybe the numbers changed.) The UIEV is said to be across the street from the Kharkov Veterinary Institute (school for veterinary doctors) and on the same street with other scientific institutes, [REDACTED] Institute, the Pasteur Institute, the Institute of Tropical Medicine [REDACTED], so it may be difficult to locate on photographs. I feel certain, however, that no challenge is too great for your outfit. Many thanks for your efforts on my behalf.
